Babadag, born in 1969 in Izmir, completed his undergraduate education in the Department of Interior Architecture in Mimar Sinan University in 1992, and his postgraduate education in the Department of Industrial Product Design in İstanbul Technical University in 1997.

In 1998 he was granted the Beymen Academy First Prize Award in the furniture category.

He received training on silver casting and engraving techniques and held both private and group exhibitions.

Since 1987, Babadag has been carrying out various interior architecture projects and also designing furniture and other items. The designer is lecturing on design theories in Bahçeşehir University and Mimar Sinan University.

He is working as a part time instructor and lecturing on presentation techniques and advanced presentation techniques in the Department of Industrial Product Design at the Faculty of Fine Arts in Işık University.
